

16 February 2020

Dear Parents,

In light of the rising cases of local transmission of COVID-19, and in order to safe-guard the well-being of our children who are part of the vulnerable group, we will be suspending all SUN JAM classes at 9am and 11am. This suspension will take effect from next Sunday, 23 February till further notice. Do note that the suspension of the 10.30am service and SUN JAM @10.30am has been extended until further notice.

Please note that the adult Sunday services at 8am, 9am and 11am will still be on-going with precautionary measures in place. In addition, there will also be live-streaming of our service on-line at faithmc.sg/livestream from this Sunday onwards so that those who are not well or unable to come, may continue to join us in worship.

May we encourage you to do your family devotions with your children, all the more so during such a time like this. We will also help partner you in your spiritual parenting by providing you with good Christian parenting resources/materials through the Parent's Chatgroup and other communication platforms. We also strongly urge you to do the daily Bible readings and devotions found in the SUN JAM journal with your child. For parents of Pre-Primary children, we will send you a soft copy of our weekly Take-Home sheet.

During this period, do share with your child/children Scripture and biblical principles that are useful and reassuring for children. Teach our children what God's Word says about overcoming fears and trusting in Him. Teach our children to pray too; for those affected with the disease, our frontline healthcare workers, our church and our country.

Thank you for your understanding and each of us doing our part to care for one another during these times. Let us, as a Faith family continue to intercede for those affected and fix our eyes on our Sovereign God for His covering and His intervention in this whole situation.

Praying for God's divine protection and care for you and your family. Thanks and God bless.
